

## **Philosophy Statement**

**“We believe that children come to us with the capacity to teach and learn. We will provide a balance of self-discovery and supported play in a happy, secure, Sustainable environment where respectful, reciprocal relationships are shared with all.**

**We believe in building partnerships with our families and our community and supporting children to develop a feeling of “Belonging”. We encourage respect for diversity in all our people, and allow our people to “Be” without bias.**

**We encourage connections between our families and our communities, and provide a safe environment for these connections to develop.**

**We value reflective practice. We are committed to developing our team of educators by providing opportunities to extend on their knowledge, share their skills and experiences and challenge their thinking in a variety of ways”.**
